## [Doctoral Studies](#)

### SEIF doctoral school (Sorbonne University)

### Doctoral Schools

IPSL is heavily involved in the Ecole doctorale des Sciences de l'Environnement d'Ile de France (SEIF) at SU, UVSQ and ENS-Ecole normale supérieure de Paris. It also participates in other doctoral schools (SMEMAG, GNRE and SEI)

### SMEMAG (Paris-Saclay University)

Mechanical and Energetic Sciences, Materials and Geosciences doctoral school

# **GNRE** **(Sorbonne University)**

Geosciences, Natural Resources and Environment doctoral school

# **SEI** **(Paris-Est Créteil** **University)**

## **Sciences, Ingénierie et Environnement**

Sciences, Engineering, Environment doctoral school

## Tutoring

### Training days for PhD students

The IPSL-CGS organizes a yearly “Journées des doctorants” (JDD) since 2021, a 3-day workshop co-organized by doctoral school ED-SEIF management and the doctoral student representatives on the ED council. During this workshop, new training is proposed to doctoral students: scientific ethics, open sciences and valorization of research results, applied to the ED's themes.
